### BIO

Described as having an "East Coast pace with a Midwest personality", Hayden's act is a joke-dense yet personal show full of topics ranging from being the son of a conspiracy theorist, to self-deprecating humor, all the way to why old people shouldn't drive ambulances. He's performed all over the country at premiere comedy clubs and venues (Zanies, Helium, the Majestic in Madison, and more) with some of the industry's biggest talents such as Jessica Kirson, Jeff Leeson, and Mike E. Winfield. Grab tickets to his next show, or don't, he's going home to hang with his cat anyway.
